

Adopt Pet

NERMEEN ALAHMAD

Adopt pet

The idea of my project is to facilitate the adoption process for the person who wants to adopt and who puts his animal up for adoption and acts only as an intermediary between the two parties.

Objectives

1

Reduce the
search time

2

Improve communication
between adopters and
those who want who
put their animal up for
adoption.

3

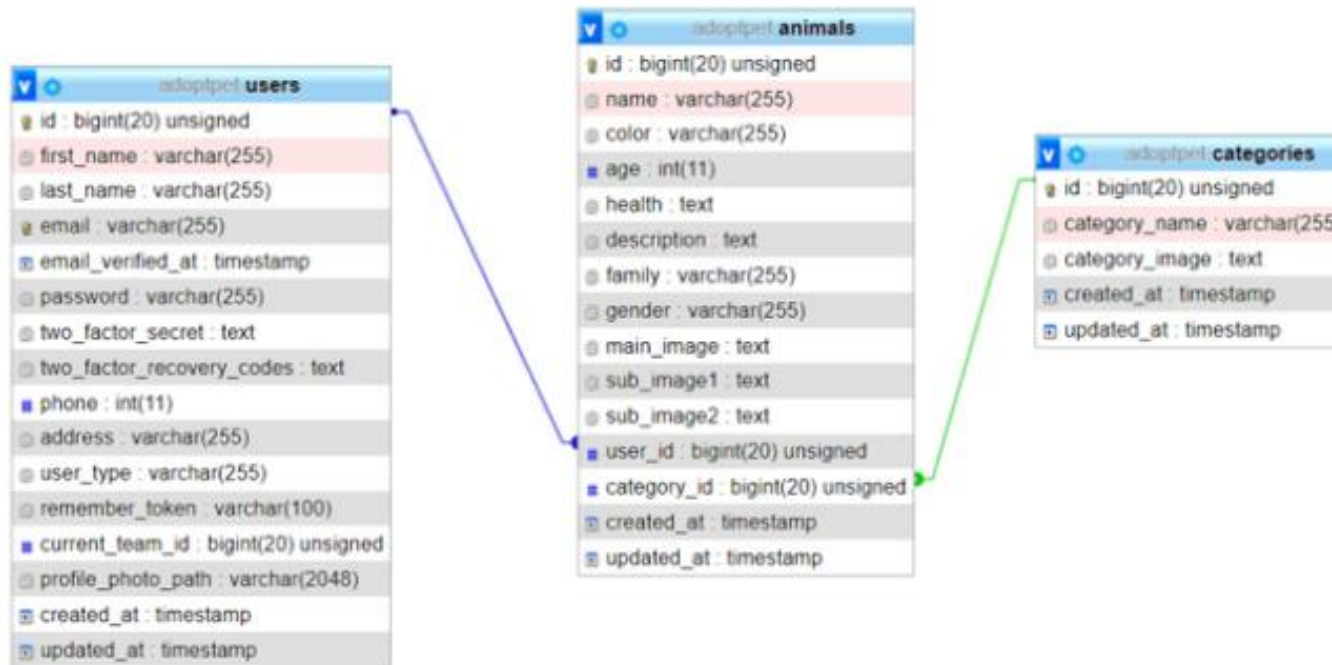

Reduce the effort
in the search
process

4

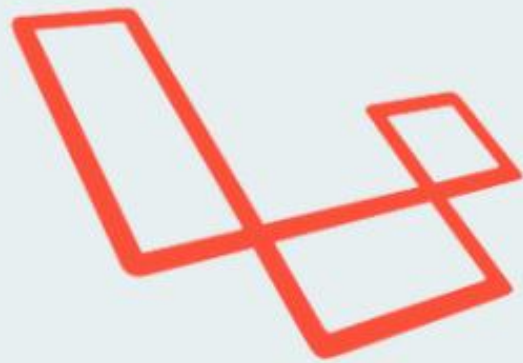

Enables adopters
to adopt anytime,
anywhere in Jordan
